About Love Cambodia

Love Cambodia is a Christian non-governmental organisation based in Prey Veng province, located in the Southeast of Cambodia, about two hours east of Phnom Penh, Cambodia's capital city.

Founded in 2007 Love Cambodia was founded on the principles of Christ's love and compassion towards the poor and less privileged.

Prey Veng's economy consists primarily of agricultural farming, fishing, as well as rice and fruit cropping. However, rural villagers generally depend on subsistence farming to survive.

Love Cambodia currently serves 18 villages but aims to serve the 1,123 villages in the province through projects that support more stable and sustainable livelihoods.

Love Cambodia's Approach

Practical and driven by the needs on the ground.

It is managed locally and draws on the experiences and expertise of our Community Officers whose jobs are to identify and befriend the poorest families in a village. These families often have no means of income or resources to even afford one basic meal of rice a day.

We work alongside these families and villagers to plan and deliver economic, social and medical programmes that assist them to be physically, spiritually, mentally and socially confident.

Children & Education

How You Can Sponsor

USD400

- Sponsor a scholarship for a needy student
- LC is targeting to raise USD16,000 for 40 students

USD10,000

- Sponsor the annual cost of operations for the student's hostel

USD3,500

- Sponsor the annual cost of operations for a kindergarten
- LC is targeting to raise USD35,000 for 10 kindergartens

Kindergarten Operations

LC operates 9 kindergartens in 9 villages, without access to government built pre – school facilities; and is looking to open the 10th kindergarten in 2024.

These kindergartens provide pre – school education to village children who would otherwise not have access to early childhood education.

Annual operational costs for each kindergarten is approximately **USD3,500** which goes towards:

- Kindergarten teacher allowances
- Teaching material
- General consumables including stationary, books etc
- Utilities
- Maintenance and upkeep
- LC management costs

LC is targeting to raise **USD35,000** to fund operations for 10 kindergartens.

Hostel Operations

LC operates a student's hostel to provide affordable lodging for village students who wanted to study in Prey Veng's high school.

In addition to providing lodging, LC runs students programmes at the hostel which includes mentorship and discipleship.

Annual operational cost for the hostel is approximately **USD10,000** which includes:

- Utilities
- Maintenance
- Sinking funds
- LC staff management costs

LC is targeting to raise **USD10,000** to fund operations for the hostel in 2024.

Bursaries and Scholarships

LC funds scholarships and bursaries to recognize and reward student from low – income families and help fund education expenses which includes buying of books, stationary, uniforms etc.

Cost for each scholarship or bursary per student is approximately **USD400**.

LC is planning to issue out scholarships to 40 students in 2024 and is targeting to raise **USD16,000** to fund the scholarships.

Food Security

How You Can Sponsor

USD1,500

Sponsor a seed financing project in a village

LC is targeting to raise USD27,000 to start seed financing projects in all 18 villages

Love Cambodia Fundraising
2023 / 24

Seed Finance

Love Cambodia provides initial capital as seed money which is intended to improve the living conditions and prospects of poor families by providing access to financial resources.

Seed financing is primarily achieved through the implementation of a community-managed loan scheme at affordable interest rates. This gives poor families a chance to start and sustain income - generating activities such as the purchase of rice seedlings, vegetable and livestock farming and small businesses.

Cost for starting a seed financing project in one village is approximately **USD1,500** which includes:

- Financing provided to selected villagers
- LC staff cost to administer and monitor the project

LC is looking to implement seed finance projects at all 18 villages and is targeting to raise **USD27,000** for 2024.

Health & Environment

How You Can Sponsor

USD400

Sponsor Health & Sanitation training programme in a village for a year

LC is targeting to raise USD7,200 to run programmes in all 18 villages

Love Cambodia Fundraising
2023 / 24

Health & Sanitation Programmes

LC carries out health & sanitation programmes in all the villages they serve to provide continuous education to the villages on the importance of maintaining their environment and living healthily.

Programmes are carried out in the villages throughout the year and are conducted by LC staff and some include:

- Reduction of plastic burning and importance of recycling
- Promotion of biogas burning, with reduction in firewood utilization
- Hygiene and primary healthcare for children

The annual cost of carrying out such programmes are about **USD400** per village which includes the following:

- Logistics and venues
- Programme material
- LC staff management and administrative cost

LC aims to carry out the programmes in all 18 villages and is targeting to raise **USD 7,200** for these health & sanitation programmes.

Good Governance and Peace Building

How You Can Sponsor

USD600

**Sponsor family life training programme
in a village for a year**

**LC is targeting to raise USD10,800 to run
programmes in all 18 villages**

Love Cambodia Fundraising
2023 / 24

Family Life

LC provides family life training to villagers as part of their strategy to building peace within the villages

These family life training programmes include areas of

- Importance of gender equality
- The role and importance of fathers in families
- Awareness of domestic violence and how it jeopardises marriages
- Importance of community unity and friendship
- Awareness of negative consequences of alcohol and drug abuse
- Parenting skills

The annual cost of providing training for each village is approximately **USD600** which includes

- Logistics, venue and material
- LC staff and management cost

LC aims to carry out training for all 18 villages and is targeting to raise **USD10,800** for 2024

2023 / 24

Capacity Building

How You Can Sponsor

USD1,500.00

Sponsor capacity building programme in a village for a year

LC is targeting to raise USD27,000 to run programmes in all 18 villages

Capacity Building Programme

LC establishes Community Based Organisations (CBOs) in each of the villages they work in.

CBOs are staffed with local villagers who are tasked facilitating the community to identify community problems and determine possible solutions.

LC provides capacity development support to CBOs through trainings and workshops and carries out active ongoing monitoring of programmes.

Through these capacity building programmes, CBOs have been able to manage initiatives such as Revolving Funds and Self Help Group Funds which are local based savings funds where villagers put their savings into a larger pool in order for fellow villagers to be able to borrow.

Capacity Building Programme

The annual cost of running these capacity building programmes for each village is **USD1,500** and it includes:

- Logistics, material, venues
- LC staff management

LC aims to carry out these programmes for all 18 villages and is targeting to raise **USD27,000** for 2024.

Evangelism

How You Can Sponsor

USD4,000

Sponsor running of village ministry in a village for a year

LC is targeting to raise USD24,000 to run village ministries in 6 villages

Love Cambodia Fundraising
2023 / 24

Village Ministries

LC supports the operations and development of churches in 6 villages, carrying out village ministries at these villages

These village ministries include:

- Bible training
- Sunday schools and services
- Other church development work

Annual costs of running each of the village ministries are approximately **USD4,000** and include:

- Logistics
- Material
- LC staff and administrative costs

LC aims to continue the operations of these village ministries for all 6 villages in 2024 and targets to raise **USD24,000** for 2024.
